The Ministry of Commerce and Industry (MoCI) provides citizens and residents of Qatar with easy access to various services through their mobile devices. The application has a user-friendly interface that allows users to easily request Tamween cards, fodder disbursement cards, and renewal of livestock details. Moreover, it enables users to reissue cards and apply for a fodder card for a family member. The application also provides Industrial Services, including Initial Approval, Industrial License Applications, Industrial Operating License, and Project Site Change, among other advanced services.

Mzayen مزاین

<https://apps.apple.com/tn/app/mzayen-%D9%85%D8%B2%D8%A7%D9%8A%D9%86/id6444247758>

An electronic application affiliated with the Qatar Camel Club, concerned with the beauty of camels and their beauty marks. It aims to preserve the sport of our fathers and grandfathers, and introduce it to current and successive generations. The application provides many diverse digital services to camel owners at the local, regional and international levels, and is the festival's window to the entire world.

Q Weather - أرصاد قطر

<https://apps.apple.com/us/app/q-weather-%D8%A3%D8%B1%D8%B5%D8%A7%D8%AF-%D9%82%D8%B7%D8%B1/id1463392050>

Q Weather application is a Modern Weather Application that displays Current and Forecast weather condition of Qatar Cities and International Cities as well.

Projects (iOS Applications)

QSFA

<https://apps.apple.com/in/app/qsfa/id1316984329>

Qatar Sports For All (QSFA) is your Qatar guide to finding out the best locations to practice sports.

The app provides an easy and interactive way to find directions and locations of where you can play sports, so that you can stay healthy all year round.

Qatar Stars League

<https://apps.apple.com/in/app/qatar-stars-league/id1632882770>

The Qatar Stars League (QSL) manages, organises and supervises the Qatar Cup and Ooredoo Cup. Due to our keenness to keep abreast of events, this app will be continuously developed with added features that will make the Qatari football fan experience better.

Cylient Coaching Moments

<https://apps.apple.com/us/app/cylient-coaching-moments/id516418217>

This app teaches people how to offer “in the moment” coaching by integrating coaching approaches into any conversation, with anyone, about anything, in order to help others open to new possibilities, make new connections, and take meaningful action.

Rotary 3211

<https://apps.apple.com/us/app/rotary-3211/id1544384706>

The social engagement application for Rotary District 3211. This app will allow the users to get notifications regarding the latest updates on the projects and events in the Rotary International District 3211.
